**GoldQuest International Ltd.**  
**Attn: International Processing Center (IPC)**  
**5/F, Mass Mutual Tower, 38 Gloucester Road**  
**Wanchai, Hong Kong**

1. The **GOLDQUEST** retail customer shall have the responsibility to submit his/her Quest eCard Order (QEO) Form along with the bank draft, money order, or GQI commission cheque or cashier's cheque made payable to: "GOLDQUEST INTERNATIONAL LTD.", only at its International Processing Centre (IPC) in Hong Kong.
2. The Company will rely on the accuracy of all QEO forms submitted to IPC. Prior to its submission, the customer should confirm that all information is correct and the forms are properly accomplished. The submission of incorrect paperwork can result in the delay of data processing and the subsequent delay of orders. All QEO forms should be sent directly to the Company at IPC. The customer shall assume the risk for any losses or delays due to incorrect information submitted.
3. Orders paid in full will be shipped twelve (12) Hong Kong business days after the payment is credited to the Company's bank account. All Quest eCards will be shipped via registered mail unless conditions require alternative arrangements.
4. QEO forms submitted to **GOLDQUEST** Representative Offices abroad from Hong Kong shall be deemed not received by **GOLDQUEST** until the forms arrive at the IPC. Whatever **GOLDQUEST** purchasers are told, this clause shall be final and executory.
5. Any disputes arising from the interpretation and enforcement of these Terms and Conditions shall be deliberated, decided and adjudicated by the IAC, Consumer Authority, or in a Court of Competence within the jurisdiction of the Hong Kong Special Administration Region, the People's Republic of China. This sale shall be deemed as if herein purchaser physically came to Hong Kong and entered into this Contract of Sale at Hong Kong in person. †

**1. What is the Quest eCard?**

The Quest eCard is an alternative form of payment introduced by GoldQuest to its customers, in lieu of the usual modes of payment (ex. Bank Drafts, Telegraphic Transfers, Credit Cards, and GQI Commission Cheques). It is a powerful purchasing tool especially for those who do not have credit cards.

**2. Why Use Quest eCards?**

Simple to use. Convenient substitutes for credit cards and bank drafts. The more eCards are purchased in an order, the more savings in bank charges will be realised. Any remaining balance in the value of the eCard from online transactions will be carried forward for other online transactions as long as the eCard has not yet expired. Quest eCards can be used in replacement of bank drafts, commission checks and money orders even for orders made offline (manually). eCards can be used in combination with commission checks for any product purchase.

**3. Who Can Buy Quest eCards?**

Any TCO can buy the eCards, either in bulk for the purpose of re-distribution and re-sale to their individual downlines, or for their own personal use when buying products from GoldQuest.

**4. Where Can You Buy and Forms of Payment**

GoldQuest eStore - Any TCO can purchase eCards from the GoldQuest eStore using their credit card as the form of payment.

HK International Processing Center - Forms of Payment accepted in HK office are the following: Bank Drafts, Telegraphic Transfer, GoldQuest Commission Cheques – of which the full amount must be consumed in buying the eCards.

Upline TCOs - Individual TCOs may get the eCards from their respective uplines or Network Leaders. Since these are individual transactions already, cash or personal cheques may be used, depending upon the agreement of both parties.

**5. When To Use eCards**

Purchasing GoldQuest Products - eCards can be used to purchase regular products, either from the eStore or when submitting purchase orders (CRPOs) in the Representative Offices or in International Processing Center (IPC). (Please refer to the Procedure In Using eCards for Purchase of Products.)

Purchasing, Selling and Other Merchandising Tools - Brochures and other Sales, Merchandising and Promotion Materials can be paid through the Quest eCard.

**6. How Many Times Can The Quest eCard Be Used?**

The number of times a single eCard can be used will depend on the following: face value of the eCard bought, the amount of product purchase made, where the product purchase was transacted, and the expiry date of eCard.

If Product Purchase Was Made from the GoldQuest eStore - This is the most PREFERRED way of transacting through eCards. When eCards are used online, it can accommodate multiple usage or multiple transactions per card, as long as there is still a remaining balance left on the face value of the card (Face Value of Card > Amount Consumed Per Transaction) and the eCard has not yet expired. Once an eCard expires or the total value is consumed, then it shall be considered null and void.

If Product Purchase Was Done Manually - Use of eCards to purchase products that are manually transacted shall be for One-time use only, regardless of whether there are still remaining balances left on the card. Therefore, if product purchases are transacted manually, TCO must make sure that the Total Value of the Quest eCards is equivalent to the Total Value of the Purchased Product, as indicated on the CRPO. DO NOT scratch the PIN covering at the back of the Quest eCard. It must be kept intact. †
